Custom castings. Machined to your drawing.

JK Casting supplies custom castings and CNC-machined castings from Gaomi, Shandong, China. Send drawings or sample photos to discuss your part and quotation requirements.

Since 2002	2020-03-11	About 5,000 t
Factory operating	Current legal entity registered	About 60 people

Casting & finishing

- Sand casting
- Lost-wax investment casting (also called precision casting)
- In-house CNC machining of our castings
- Welded and stamped parts, on their own or with castings

For your quotation

- Drawings, 3D files or sample photos
- Material, batch quantity and annual demand
- Critical dimensions, finish and inspection needs
- Delivery destination and requested timing

Examples from our product gallery

Power line hardware casting

Oilfield cable protector casting

Examples show part types. Material, dimensions, machining and inspection requirements are confirmed for each project.

Factory certification

View certificate

Our ISO 9001:2015 certificate covers processing of steel castings, valid to 2027-04-21. Jiangkai and Gaomi Changrong are the same manufacturer.

Send your drawings for a quotation

We reply with a quotation or the specific information needed to prepare one.
